

St Louise's Comprehensive College

A Specialist College

15 September 2021

Dear Parents/Guardians

I am writing to request your assistance in providing a safe learning environment for all. We have a number of students who are allergic to peanut/nuts. Strict avoidance of peanut/nut products is the only way to prevent a server allergic reaction. If exposed to peanuts/nuts, the student may develop a serious allergic reaction which requires emergency medical treatment.

Please do not send any peanut or nut containing products for your child to eat during break time or lunch time. Any exposure to peanuts or nuts through contact or ingestion can cause a severe reaction. If your child has eaten peanut or nut products prior to coming to school, please be sure your child's hands have been thoroughly washed before coming to school.

Miss M McHenry
Principal
